

CALL TRACK®

Monitor & Manage Low-Risk Offenders

Call Track® is a fully automated reporting service for low-risk offenders. The Call Track® system provides your probation agency with automated monthly reporting, reducing the time you spend monitoring low-risk offenders, and providing offenders a simple, affordable way of reporting to you.

Call Track® collects the information required from offenders with questions tailored specifically to your agency's needs. Call Track® records phone and address changes and maintains history of all calls made by an offender. The Call Track® system can verify the location of most individuals calling the service. Call Track® also has an option to allow you to block cell phone calls to the service.

Schedule offenders to report monthly in the Call Track® system. Call Track can be configured to notify you when offenders miss their call dates. Take advantage of features like alerts, multiple question sets and easy access to reports.

Call Track® is easily configured to meet your needs, and is a superior reporting service for low-risk offenders that is available to your facility at no charge!

Call Track® is FREE!

Call Track® is available at no charge for Adult Probation and Parole departments. The service is funded by offenders who incur a low monthly fee for use of the service. Additional charges may apply for optional services like the offender notification for failure to report.

Call Track® provides offenders with payment options including major credit cards, checks, money orders, Western Union, Money Gram and an upcoming internet payment plan, making it easy for offenders to benefit from this convenient, time-saving system.

Take advantage of this automated system to monitor low-risk offenders without cost to your agency.
